Daily Status Report for Monday September 17, 2012

Work Completed Today:

Multi Beam Survey

Multi beam survey operations were completed today with the completion of the remaining sections between RM 7.1 and the Clay Street Bridge and with conducting the final patch and performance tests.

The attached coverage plot (KMZ) file shows the extent of the survey performed today.

Single Beam Survey

The single beam survey operations today included completing the RM 7.50 to RM 7.80 area and initiating work in the RM 7.10 to RM 7.50 area.

The attached coverage plot (KMZ) file shows the extent of the survey performed today.

Work Planned for Tomorrow:

Single beam survey operations planned for tomorrow include continuing survey operations in the RM 7.10 to RM 7.50 area.

Deviations from the QAPP:

None noted.

Health and Safety Issues:

None noted.
